## OWNER'S MANUAL

PEHRATEK PRODUCTS  
9285 Pierson Lake Drive  
Chaska, MN55318  
(952) 470-9063

1. Position VIDEO VRA Screens over/under sound field loudspeakers using wall mounting brackets. Assure each panel has secure mounting.
2. Route Power Pack/power cords to nearest outlet.
- 3) Position IR Sensors in appropriate location to adequately receive IR signals from the remote control. Typically on back wall or window of sound booth.
3. Place hand-held IR transmitter near audiometer to complete installation.
